

## FORT DODGE DROP/INSTALLATION RFP AMENDMENT

---

Project: Fort Dodge Fiber Network

Date: August 18, 2022

HR Green Project #: 210013

---

Amendment 1 of the RFP consisted of the questions and answers for the project.

This, Amendment 2, regards the bid due date.

We have had requests to extend the bid due date. The key timing centers on aligning with the Council schedule. To meet the award timeline, it has been determined that the deadline can be extended to August 25, 2022.

This amendment also defines the cutoff deadline to be 3:00 Central Time.

For anyone who has already submitted a bid, if during this extended time you desire to change any portion of your bid, please notify the Contact Person designated in Section 2 of the RFP – Jeremy Pearson at [jpearson@fortdodgefiber.com](mailto:jpearson@fortdodgefiber.com). In addition, forward any changes to Ken Demlow with HR Green at [kdemlow@hrgreen.com](mailto:kdemlow@hrgreen.com) (to ensure your changes are received). These changes, if any, must be received by the extension date and time.
