

December 19, 2014

To: Mayor Bemrich and City Council
From: David Fierke, City Manager
Subject: Utility Vehicle
Sanitary Sewer and Trail Patrol

ACTION: For Vote: Monday, January 12, 2015

Brief History

Our sanitary infrastructures are located in remote areas and accessibility is limited with the current vehicles. In order to do periodical inspections or repairs a utility vehicle is needed to get on the trails, ravines and other terrain that limits our access by trucks.

Analysis of Issue

This utility vehicle is a medium size diesel Kubota with a winch mount. It will be big enough to take some small equipment into any area that otherwise is restricted by regular vehicles. The primary use of the vehicle will be to perform routine inspections of the sanitary sewer that is adjacent to the Snell Crawford Trail.

As well as this vehicle use for inspections it will also be assessable to the police department to help with patrolling the trail system.

Bids solicited:

| | |
|---|-------------|
| Kubota RTV-X900GA R and J Handling | \$10,838.00 |
| Kubota RTV-X900GA Midwest Honda Suzuki | \$11,079.39 |
| Bobcat 3400 Diesel (MY15) R and J Handling | \$12,782.00 |

Budget Impact

This will be paid from reserves from the sanitary sewer account.

Strategic Plan Impact

NA

Subcommittee or Commission Review / Recommendation

NA

Staff Conclusions / Recommendations

It is the recommendation to approve the low bid from R and J Handling for \$10,838.00.

Alternatives

Not purchase equipment.

Implementation and Accountability
