**Subject: 2015 Lane Striping Project –
Awarding of Contract**

ACTION: For vote Monday, February 9, 2015

Brief History

The Engineering Department working with the Public Works Department has prepared plans for the 2015 Lane Striping Project. The project includes the most complex streets in which the Public Works Department's equipment is not well suited. Those areas are high volume streets such as 5th Avenue South, 15th Street and 32nd Street among others. The streets chosen for striping by an outside contractor were based on an approximate budget of \$35,000. Three contractors were contacted to submit bids and the Engineering Department received two bids from Iowa Plains Signing, Inc and Quality Striping, Inc.

Analysis of Issue

Bids were due to Engineering at 2 p.m. on February 2nd, 2013, the following responsive bids were received:

Contractor	Bid Amount
Iowa Plains Signing, Inc.	\$39,597.11
Quality Striping, Inc	\$40,370.96

Budget Impact

The project will be funded from Road Use Tax. The Engineer's Estimate for this project was \$35,000.

Strategic Plan Impact

Policy D.5.8: Access to the area's major roadways shall be managed so as to preserve the intended purpose of the highway and to protect the investment of taxpayer dollars used to build the facility. Methods may include, for example, limited driveway access, minimum lot frontages, the use of service roads and parallel access roads, connections between adjoining parking lots, etc.

Policy D.7.4: Opportunities for consolidation of services shall be continually evaluated, particularly with regard to potential operational efficiencies and cost savings.

Impact on Existing Plans

None

Committee Review / Recommendation

This plan is consistent with all council presentation material.

Staff Conclusions / Recommendations

It is our recommendation to approve the form of contract and estimate of costs for this project. In addition staff recommends awarding a contract to Iowa Plains Signing, Inc. in the amount of \$39,597.11.

Alternatives

None recommended.

Implementation and Accountability

The Engineering Department will be responsible for overseeing this project.
